

Taylor County Cooperative Youth Fair

Committee Policy

TCCYF Board is made up of a Board of Directors and numerous committees. Committees are formed by the fair board and maintained by the committee chairperson.

- A committee consists of a chairperson or 2 co-chairpersons volunteered from the Board of Directors
- Membership may consist of volunteers from the community.

The purpose of committees is to propose ideas/projects and formulate a plan of action to be presented to the Taylor County Fair Board for possible approval. All projects that pertain to that committee must be brought up at a committee meeting for consideration. A written report (when possible) is to be forwarded to the secretary before each monthly meeting.

Members of committees are expected to conduct themselves in a civil manner. It is expected to have differences in opinion. It is also expected that we maintain a professional decorum. Constructive criticism is encouraged. It is unacceptable for anyone to show aggression.

Any member of the committee who doesn't conduct themselves in a professional manner could face the following circumstances.

- Asked by the chairperson to conduct themselves in a proper manner.
- Be asked to leave the meeting
- Be removed from committee
