

# Taylor County Cooperative Youth Fair

Dear Business Leader,

Over 400 youth from schools and youth organizations participate in the Taylor County Fair. They learn by building and competing in art, food, and live animal exhibits.

The Taylor County Fair gives kids and families a safe and educational entertainment option – not just the week of the fair, but all year long. Kids stay busy in classes and at home each month.

The Taylor County Fair isn't just for people from Medford, or even just for people from Taylor County. We've had people join us from around the midwest, states like Georgia and Alaska, and even a family from France and Japan!

Your donation helps keep this event running, and helps this event grow. By investing in our educational programs, our grounds, and our leaders, we're investing in agricultural, rural living, and life skills for our next generation of world-wide leaders – the kids of Taylor County.

Thank you in advance for your incredible support of our longest running community event. We're looking forward to a memorable Taylor County Fair, July 24-27, 2025, and for you to be a part of it.

Sincerely in community spirit,  
Taylor County Cooperative Youth Fair
